Lühikokkuvõte (logline)	Pärast seda kui edukas kirjanik elab läbi surmalähedase kogemuse, on ta veendunud, et ta peab leidma viisi, kuidas teispoolssuses kohatud ingellik olend meie maailma toimetada.
Sünopsis	<p>Edukas, kuid väga probleemne õudus-ja fantaasiakirjanik Neil kannatab sügava loomekriisi käes. Ta ei suuda mitte kuidagi kirjutada järgmist šedöövrit, mida kõik juba ammu ootavad. Viimases hädas pageb alkoholi ja uimasteid kuritarvitav Neil suurlinnast maapakku. Seda tehes teeb ta üksildasel metsateel ränga autoõnnetuse. Peaaegu elu kaotades, kogeb Neil surmalähedast kogemust, kus ta kohtub kosutava ja imekauni ingellikku olendiga, kel nimeks Galerist ning too aitab ta tagasi elavate maailma.</p> <p>Neili päästab napist surmast üksildaselt metsateelt kohalik noor naine Mara, kes mehe oma metsamajakesesse kosuma viib. Surmast napilt päisenuna on Neil täiesti veendunud, et ta peab aitama Galeristil meie maailma siseneda, et too jagaks maailmale samasugust imelist, kosutavat ja kaunist hingust, mis raviks ka kõige suuremad meie maailma haavad. Mara ei mõista mehe imelikku veendumust ja peab kirjanikku isekaks ja põikpäiseks, kuid meest elule turgutades nad siiski sõbrunevad ja isegi armuvad. Üheskoos asuvad nad uurima erinevaid surmalähedasi kogemusi ja kõiki nähtusi, mis vähegi on seotud Galeristiga. Neil mõistab, et kõikjal meie ümber on märgid Galeristi saabumisest meie maailma. Neid märke peab lihtsalt oskama näha.</p> <p>Püüdes ennastunustavalta Galeristi meie maailma tuua, saab üha selgeks tõsiasi, et Neil ei kohtunud inglise, vaid hoopis millegi väga pahaendelisega, mis ihkab meie maailma tungida. Ilmselgetest hoiatustest sõltumata püüab Neil Galeristi saladuse iga hinna eest paljastada. Seda tehes puutub ta kokku kahe erineva kultusega, millest üks on pühendunud Galeristi saabumisele ja teine püüab iga hinna eest tema tulekut takistada.</p>

	Aina painajalikumaks muutuva otsingu käigus ilmneb tõsiasi, et müsteeriumi keskmes on salapärane iidne raamat, mis peaks vastama kõikidele Neili küsimustele, kuid kõik, kes raamatut lugenud, on kaotanud mõistuse. Nüüd peab Neil otsustama, kas ta on läinud liiga kaugele või mitte piisavalt kaugele.
